
PROPOSED SEDUM ROOF:

Bauder Capping Sheet (Top quality torch applied, heavy duty elastomeric bitumen membrane, mineral finish in charcoal grey & Underlayer over Bauder PIR Insulation and vapour barrier.

Roof to be developed as rainwater capture plane with captured water filtered and treated and then conducted to Basement level rainwater harvesting tank for use as 'Flushing' to Restaurant/ Staff WC's. Thus negating the waste of potable water from the mains system.

Bauder GRP Trim, Fillet & sundry items to perimeter of Roof

Revision.	Date	Letter
Sedum mat removed. Tapered insulation to facilitate rainwater harvesting.	14/01/17	A

PRELIMINARY - For COMMENT

Not to be used for Construction
