Subject: RE: URGENT trees and construction at 26 Netherhall Gardens, London NW3 5TH

Hi Nick,

A crown height and lateral spread reduction of 2m would seem appropriate for this tree, providing the ivy is also removed – what do you think?

Are you saying that you/Camden would setup the S211 notification? I can do this via the planning portal if required or does this email suffice?

Thank you.

Kind regards,

Oliver Tong ND Arb TechArborA
