Subject: TfL comments: 2023/0904/P - Royal National Throat Nose And Ear Hospital, 330 Gray's Inn Road London WC1X 8BZ

Dear Camden planners,

2023/0904/P

Royal National Throat Nose And Ear Hospital 330 Gray's Inn Road London WC1X 8BZ

Variation of Condition 2 (Approved Plans), 18 (Cycle Secure & Covered Parking), 31 (Gym House of Operation), 41 (SuDS), and 54 (External Amenity Space Details for Swinton Street Flats) of planning permission ref 2020/5593/P dated 20/07/22

Thanks for consulting TfL on this planning application.

The retention and uplift in Cycle Parking secured for the previous permission is welcome.

Overall the new application appears unlikely to result in any strategic transport impacts, and no landscaping or highway works proposals newly impact the Transport for London Road Network for which we are the highway authority.

TfL therefore has no objections or further comments.

Kind regards,

Gavin McLaughlin MSc; MA; MRTPI
