2023/0113/P DIANA MILNER SHOP, PRIMROSE HILL NW1

Please, please protect Diana Milner's shop from redevelopment. It is an independent, thriving local shop, of which there are fewer and fewer. She performs an excellent local service and beyond, is a brilliantly imaginative florist/gardener, who supplies many of the award-winning window boxes round here. We should be cherishing the small independent business, not submitting to developers' greed, people who care nothing about the community but are just out to make money for themselves - and, doubtless, Camden. The wider picture, to maintain and support local communities, is just as vital.

PLEASE SUPPORT DIANA MILNER!

Regards
