2022/5639/P	Andrew Smith	18/03/2023 14:38:11	COMMNT	<p>Objection to change of use from restaurant to restaurant/take away.</p> <p>The take away aspect of the premises is detrimental to the residential amenity in Goodge Street where above the shops and existing restaurants there are mainly residential flats many with long term residents. The problem with take away and the hours of operation is that couriers will be waiting for orders until early morning, using the bench in Goodge Street and opposite bays creating noise and street activity contrary to usual night time when we are sleeping. Premises in Goodge Street close around midnight and it is relatively quiet. In addition the new cycle hire scheme are enabling late night, early morning bar users to navigate to the street in search of late night refreshment. Hire bikes are left on the pavements and often users are chatting and deciding what to buy or whether to move on. The previous Japanese restaurant was an eat in quiet establishment that had no impact on the residential amenity of the neighbourhood Street. We urge the council not to allow a fast food takeaway business more suited to Tottenham Court Road where such businesses operate.</p>
