Subject: Re: Committee Notification for O2 Centre _ 2022/0528/P

Hi David,

Thank you for your email.

I would like to make an objection based on the below:

- The increased people traffic at West Hampstead tube, already at risk of overcrowding with trains every 1-2 minutes. There is no update on additional entrances to the station/increase in tube service. If increased, would they be every 30 seconds? etc
- The removal of Sainsburys and the cinema to rebuild another large supermarket and cinema complex. It does seem a waste of time to knock down what will then be rebuilt?
- The size of the towers will look unsightly and impact the integrity of the area.

Kindest

James
