28<sup>th</sup> March 2023

Dear Sirs,

**112 A Great Russell Street London Camden WC1B 3NP-2023/0993/A**

I refer to the above application for advertisement consent, which I became aware of on the 26<sup>th</sup> March 2023.

This being :

*Display of 1 x Internally illuminated fascia sign and 1 x internally illuminated projecting sign.*

I wish to object vehemently to this application. The applicant has put in for advertising signs on land that they do not fully own, which is owned by my client, for which my client already has planning consent. It appears that in their application, the applicant has not made it at all clear that they do not have any legal rights and the consequences of this is that consent must be refused on those grounds, and also on the grounds that a planning consent already exists on the area.

Yours faithfully

  
David Cooper & Co
