Objection

Do you have any comments or consider that the proposal is harmful to or does not preserve the character and appearance of the conservation area?

Objection We note that this building is listed grade II. No changes should be made to the existing openings in the external walls. The size of the enlarged window opening in the flank wall is inappropriate. The replacement door and window in the flank wall should be in timber frames to match the existing. The divisions in the secondary glazing should line up with those in the primary glazing. David Thomas Chair BCAAC
