2023/0546/P	Lydia Goomansingh	29/03/2023 17:25:15	COMNOT	<p>I live at no. 97, and currently experience noise issues on the 1st floor of my property where we can hear every level noise including phone conversations at all times of the day from the neighbouring bedsits - we believe this is due to work being carried out on the party wall which has caused poor soundproofing between 97 and 99.</p> <p>To that end, we would like assurances that there will be adequate measures taken to mitigate this in the new studio flats, given the amount of them. Please advise what steps will be taken to address this, as I cannot see this documented in the plans.</p>
2023/0546/P	A. Duncan	28/03/2023 12:29:40	INT	<p>Given how parked up the area gets making Sumatra Rd into a difficult one way street on the bends will the 13+ residents have permission to apply for parking permits?</p>
2023/0546/P	Marcia MacLeod	28/03/2023 10:47:16	OBJ	<p>I object to this conversion because we need family flats here, not studios for pied a tiers or whatever. This country, London and Camden are all crying out for flats for key workers; don't let this opportunity go. It should be converted into four flats, not 13 bedsits.</p>
2023/0546/P	Pauline Cheesman	28/03/2023 11:45:09	OBJ	<p>I strongly object to the overcrowding in this development. These houses are not large to begin with. Do we really want to encourage such small living spaces? I would reduce the number of studios by at least 4.</p>
