The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans: 39 Flask Walk NW3 1HH Design & Access Statement 06.12.2022 by TG Studio, Heritage Statement 39 Flask Walk Hampstead NW3 1HH November 2022 BY HCUK Group Project Ref 8238A, P-100, P-200 rev A, P-201, P-210, P-221, P-250 rev A, P-300, P-301 rev A, P-310, P-320, P-321, P-330, P-341, P-342, P-350.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy D1 and D2 of the London Borough of Camden Local Plan 2017.

- 4 Prior to first use of the air source heat pump hereby approved, the active cooling function shall be disabled on the factory setting and the air source heat pump shall be used for the purposes of heating only.

Reason: To ensure the proposal is energy efficient and sustainable in accordance with policy CC2 of the London Borough of Camden Local Plan 2017.

- 5 In respect of any proposed air conditioning, mechanical ventilation or associated plant, the applicant shall ensure that the existing background noise level is not increased when measured one metre from the nearest noise sensitive elevation. In order to achieve this the plant must be designed / selected or the noise attenuated so that it is 10dB below the existing background level. This will maintain the existing noise climate and prevent 'ambient noise creep'.

Reason: To ensure that the amenity of occupiers of the development site/ surrounding premises is not adversely affected by noise from mechanical installations/ equipment in accordance with the requirements of policies A1 and A4 of the London Borough of Camden Local Plan 2017.
