

Application No:	Consultees Name:	Received:	Comment:	Response:
2022/1044/P	ANTHONY RAY	06/04/2023 12:13:13	COMMNT	<p>We have already submitted our comments and objections to this planning application, before this latest submission. Our comments on the previous submission are still relevant and all comments previously made by me, my wife (Susanna Ray), Mrs Elizabeth Stott of No.1 Priory Road, and Mr Chris Niehaus of No 1A Priory Road, should be reinstated in this submission if it is regarded as a new one. If you want us to restate the whole position, please say so and we will do it. I have the authorisation of the above, to speak on their behalf. The principal objections are that the new structure will endanger our houses by destabilising a massive tree (<i>Alianthus altissima</i>) in the garden of No.3 Priory Road and a large cherry tree in the garden of No.1. Also, significant reduction of light and view, especially in No.1. Also danger to valuable Koi Carp in pond at No.3(vibration).</p> <p>We were told by Mr.Blacker, of Micheal Blacker Partnership, that the building of the new structure, if given the go-ahead, would not involve the demolition of the current walls abutting the gardens of Nos.1 and 3 (North and East walls). It would be good to have confirmation of this.</p> <p>I note that this application is stated to be for 5 Hermit Place, whereas we have been informed the the garage is now designated as No.8 Hermit Place. Please assume that any comments made, be it for No.5 or No.8 by us, refer to the garage in question.</p> <p>I repeat that comments previously made about plans for the rebuilding of the garage, be it No.5 or No.8, are still valid and should be added to the comments if they are not already there.</p>
