Details of the pre-application advice received

Ground floor alterations; demolition of existing extension to rear and enlarged replacement positioned on the north boundary.
First floor alterations; increase in height of existing first floor closet wing, and proposed new first floor infill extension.

· The proposed alteration to the ground floor, i.e.) demolition of existing extension and re-positioning and enlargement is broadly acceptable, subject to detailed design and suitable materials. I would note some concern about the amount of glazing shown on the drawings, however given this is to the rear and out of sight from the public realm, this could be ok as it is. I would also note that timber framed fenestration would be advised, and certainly not UPVC. The sedum roof covering would help mitigate any loss of biodiversity and would be welcomed, also for minor flood mitigation contribution it would provide.

· The proposed alteration to the existing first floor closet wing (increase in height) is acceptable, provided the roof slope angle would match the existing, and importantly that of the neighbouring properties along the terrace of nos. 36-42. Where existing materials can be re-used this should be done, for example the roof tiles.

· The proposed infill extension at first floor is also considered acceptable in this particular instance (again the slope of the roof is an important element of the design and timber framed sash windows to match existing is welcomed). As discussed on site, the existing terrace arrangement is somewhat odd, with overlooking issues arising from the existing terrace toward the neighbouring school. Given the proposed details here would closely match the existing in terms of design, scale and materials and it would resolve overlooking issues, I would expect to recommend approval. If the Sedum roof covering could be incorporated/ extended to the 'left over' area of flat roof, this would also be welcomed.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
