Dear Sirs

Ref: Application for Planning Permission – Flat 1 – 39 Eton Avenue, London NW3 3EP

I wish to record my **strong objection** to the above application within which reference is made to a new entrance/ doorway from the existing hallway. This is unacceptable.

The proposal would change the layout of a small hallway increasing the noise and number of people entering / leaving the building, impact upon the receipt of our post, cause damage / cracks throughout a listed building such as the staircase and/or our individual flats.

With regard to the remaining requests to the application both Camden Council's Building Control as well as English Heritage should be consulted given the Grade 2 listing of the building and how said changes would change its character.

I await your confirmation of my objection.

Yours Sincerely
