Re: Planning application 2022/3853/P

To whom it may concern,

I'm emailing to express my absolute objection to the above planning application.

These plans will negatively impact the Camden Lock area and local residents. Having such a big observation wheel will impact on the privacy of people in nearby housing, as people will be able to see into their homes from the wheel. It will also impede canal boats and generally make the area a less inviting place for people to visit.

Camden attracts many visitors. These plans are more likely to put people off visiting rather than attract more.

Please reject the above application.

Kind regards,

Jasmine
