Re 'Theme Park' plans for Camden Market

I am an elderly resident living beside the canal down stream from Camden Market. I was APPALLED to hear of this proposed development.

As it is, the market detracts enormously from my neighbourhood. The canal towpath, which should provide a quiet, traffic-free walk to Camden amenities and Regents Park beyond becomes virtually impassable at Camden Lock because of all the crowds. Much of the mess and litter generated by all the food outlets ends up in the canal itself and is carried downstream. The whole market area has become a place I have to avoid, especially at weekends when the crowds are at their worst.

This proposed development would attract many more people, putting more strain on local facilities and transport, with large negative impacts on Camden residents. It would amplify and exacerbate the existing problems outlined above.

I feel most strongly this 'Theme Park' should not be allowed to go ahead.
