**General Notes:**  
These drawings have been produced by Morris+Company Ltd and reflect the current position of the scheme development at RIBA Stage 4; they should be read in conjunction with the following information prepared by Morris+Company Ltd:

- Outline Specification
- Designer's Health & Safety Risk Register
- Project Risk Register

This information should also be read in conjunction with the following information, prepared by other consultants, in order to demonstrate a coordinated design proposal at RIBA Stage 3:

- Internal Layout Detailed Drawings (AXIOM)
- Structural Engineers Drawings and Specification (Clancy)
- MEP Engineers Drawings and Specification (PSH Consulting)
- Acoustic Report (24 Acoustic)
- Transport & Servicing Strategy Report (RGP)
- Fire Strategy Report (CS Todd)
- Approved Inspector Report (BROS)

It should be noted that some areas of the scheme still require input from the specialist consultants in order to develop the design. Without input from these specialist consultants the design in based on a series of assumption and may be subject to design changes in the next stage. These are listed below, but not limited to:

- Sustainability consultant
- Landscape Architect
- Facade Access and Maintenance Consultant

**Survey Information:**  
These drawings combine survey and site information produced by others and provided by client.

- Levels information received from Lane & Frankham.

**Areas:**

- All areas provided are intended for illustrative purposes only.
- Morris+Company advise that the validity of all quantities and numbers be subject to a detailed check, audit and sign off by an RICS chartered surveyor.

**Health and Safety:**

- The drawing shall be read in conjunction with the health and safety information to be provided in the tender document and/or within the pre-construction information.
- Before commencement of works associated with the drawing refer to all releant health and safety information for the works includingresidual risk information.
- The hazards noted are in addition to the normal hazards & risks faced by a competent contractor when dealing with the type of works detailed on this drawing.

**Other:**

- Morris+Company's scope is limited to the design intent and performance requirements for the external envelope of the building, from ground floor DPC level to roof excluding any separate internal lining.
- All floor to ceiling heights have been driven by the interior architect's brief following the tenant's turnkey specification.
- Morris+Company do not accept any liability for decisions or actions derived from interpretation, extrapolation or use of the areas shown.
- Awaiting for party wall information.
