Subject: Camden Market Application- 2022/3853/P

Dear Mr Kresovic,

I wish to express my interest in the Camden Lock Market redevelopment scheme.

I am a new trader in the market, and one of the reasons that I have decided to become part of Camden Market was because of the redevelopment scheme. There are obvious benefits from this scheme, the facelift of the west yard is something that has been needed for years, not only will it reduce congestion, but it will also give new opportunities to new businesses like mine that would like to come into the area.

I hope that we will make this happen and grant them permission.

Regards
