Subject: Camden Market Application- 2022/3853/P

Dear Council Planning Team,

I write this letter in support of the application put forward by Labtech to redevelop the market and bring new life to the area.

Being a market trader, we know that people are at the heart of this market, both local and international, which is why I can not think of any reason not to support this scheme.

The biggest and most exciting move from this scheme for me is the proposed opening of Dead Dog basin!

I cannot express how massive this will be for not only myself and my fellow traders but also Camden itself. Opening the basin attracts new guests and offers a new attraction in the area for more regular attendees.

All of this means of course – you guessed it, a higher footfall in the market and also happy market traders.

Please make this happen! Camden needs this!

Thank you & Kind Regards

Rachel Alabi
