The Council has considered your application and decided to grant Listed Building Consent subject to the following condition(s):

Reason: In order to comply with the provisions of Section 18 of the Planning (Listed Buildings and Conservation Areas) Act 1990.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans:

BE091-PR-SG-XX-DR-B-PL001 (location), BE091-PR-SG-XX-DR-B-PL002 (site), BE091-PR-SG-XX-DR-B-PL101 (roof key), heritage statement, design & access statement, schedule of photos

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

- 3 All new work and work of making good shall be carried out to match the existing adjacent work as closely as possible in materials and detailed execution.

Reason: In order to safeguard the special architectural and historic interest of the building in accordance with the requirements of policy D2 of the Camden Local Plan 2017.

Informative(s):

- 1 The site is a grade-II-listed terraced house of 1852.

The applicant wishes to repair three flat roofs and one pitched roof belonging to the host building, which has been modified to have a flat roof, and its rear additions.

Internally, he proposes to carpet the floors, except for the ground floor, where an historic tiled floor is present.

Any works other than those specifically mentioned in the consented documents are unauthorised. If further works are found to be needed, the permission of the council's conservation team must be obtained in writing, or further listed building consent may be required.

The proposed works will not harm the special interest of the listed building.

The application has been advertised in the press and by means of a site notice, whereby there were no consultation responses, save for the CAAC, which has declared no objection. The site's planning history has been taken into account in making this decision.

Particular attention has been paid to the desirability of preserving the special interest of the listed building, under s.16 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013

As such, the proposal is in general accordance with policy D2 of the Camden Local Plan 2017. The proposed development also accords with the London Plan 2021.

- 2 You are advised that any works of alterations or upgrading not included on the approved drawings which are required to satisfy Building Regulations or Fire Certification may require a further application for listed building consent.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraph 38 of the National Planning Policy Framework 2021.
