Dear Sir/Madam

To Camden Council,

I am writing this email to show my full support of the Labtech redevelopment scheme. I am a tenant of Camden Market and have been trading here for many years. I truly believe that this scheme will help us so much, most of us solely rely on our business to provide for our families. By bringing in this new look, this will help us tenants more than you think.

Please really consider us, and the immense help this can bring our businesses and families.

Your sincerely  
Teck Lee
