Subject: Camden Market Application- 2022/3853/P

To Camden Council,

I am writing this email to support the Labtech redevelopment scheme fully. I am a tenant of Camden Market and have been trading here for 7 years. This scheme will help us so much; we rely solely on our businesses to provide for our families. Bringing in this new look will help us tenants more than ever, especially what we need these days.

Please consider that our small businesses will improve, and the immense help means so much to our businesses and families.

All the best

Ellie Dogan
