Subject: Camden Market application

Dear Sir/Madam

As the Director of The Hammer Silver Ltd, I would firmly support The Labtech redevelopment Scheme. I have been in the Stables Market unit:604 for over 20 years. I have so far witnessed all the changes occurs in the Market, so i believe that the Scheme will be very profitable for all traders and to Camden town. More visitors and more tourists mean more businesses to Camden town. More businesses mean more tax and Vat to the council and the Government. I would very appreciate if you consider the Market application as a very positive step for the future.

Kind regards

Ikbal Muthy
