| The application was for the 'erection of a roof extension with roof terrace at front, installation of two obscure glazed windows to the side elevation and alterations to the front elevation.' The pre-app advice stated that: -'The principle of a roof extension may be considered acceptable subject to design detail.' - 'It is considered that a more traditional approach such as a mansard roof extension would be more appropriate and acceptable.' - 'A mansard should use traditional materials of slate and timber.' Further points taken from the pre-app advice are summarised within the Design and Access Statement. 31/01/2023 - Subsequent mansard form (which forms part of this application) sent via email to Enya Fogarty, was viewed favourably. |

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
