**Subject:** Camden Lock Market Chalk Farm Road London NW1 8NH - 2022/3853/P

I am writing to object to the proposed temporary observation wheel at this location. I have been involved with this area for over forty years and have seen it change from a respected antiques market to one of stalls selling predominately tat and takeaway food. This wheel would be a nail in the coffin, turning the area into a theme park.

What will people see from the top of the wheel, not much! How will it affect the view from Primrose Hill? It will increase pressure on an area with a tube station that has been due for a redevelopment for decades. If granted it will certainly have its life extended as has happened on the South Bank. Please refuse this aspect of the proposal.

Best regards

Nick Bradfield
