Dear Alex Kresovic,

I am a market stall trader at Camden lock market, and I am in support of this proposed project.

Being a trader in the area, I am particularly interested in the proposed plans to redevelop the market hall. The plans to refurbish the hall and add a new roof is largely welcome as I feel like this area has become stale over the years. Congestion is a big problem in the market now and I feel like it is necessary to reconfigure routes so that this is solved. With these changes I have no doubt in my mind that the footfall will increase whilst allowing market goers to move around more freely and have more access to shops that in previous years they may have walked past due to the congestion and lack of patience to explore the market properly.

Alongside the points I noted above, I also think that this development will encourage new businesses to come to the area which in turn will create new job opportunities.

Kind regards,

Caner Cavit at Cush-ty
