The diagram is a cross-section of a window frame. The main frame body is hatched with red diagonal lines. At the top, there is a blue-colored component, possibly a handle or part of the opening mechanism, with a width dimension of 18. The height of the main frame body is 115. The width of the frame body is 50. Below the main frame, there is a base section with a height of 65 and a width of 215. The base section has a small, textured, irregular shape on its left side. The overall width of the assembly is divided into two parts: 120 on the left and 95 on the right. The left side is labeled 'Inside' and the right side is labeled 'Outside'. A label 'C' with an arrow points to the top right corner of the frame.
