Dear Sirs

I am writing to object to the above planning application.

I am a 32 year old local resident in a sixth floor apartment on Oval Road. I am very anxious about the wheel having direct visibility to our terrace, and into our home and my 8-year old's bedroom window. This will be a concern for a high number of people given this is a residential area.

I am a property lawyer and am surprised that the Council is even considering this application due to the negative impact on placemaking, the history of the area, local residents and crime. We already have an issue in our development and surrounding local area with anti-social behaviour.

I am proud to live in the Borough and next to a place of historical significance that attracts people from around the world. Really hoping this is not diminished and you will re-consider.

Kind regards

Catherine Small
