Hello Camden Council:

This email concerns your proposal to put a Ferris wheel into the Camden Market.

Be advised and warned that I am organizing a group of residents domiciled in Gloucester Crescent. We are prepared to take your loony Ferris wheel idea into the courts, because, among other dangers -- such as crime, unruly noise, and disorder -- it will certainly bring down the value of all houses in the Crescent, once a very quiet and peaceful street.

Sincerely yours,

Lauro Martines
