Dear Camden planning,
2022/3853/P

I write to object to the proposed ferris wheel and connected development to be constructed in the Camden market.

- The wheel will be much too big and out-sized for the setting.
- The courtyard is surrounded by very special buildings and the proposed development is out of character and will spoil the setting for those buildings.
- The area is already very crowded and there will not be space for a further major tourist attraction.
- Indeed, I would think that the press of people could become dangerous.
- It is an unnecessary development in what is already a successful tourist area.
- It will also have a wider impact upon the many other listed buildings that are within a quarter mile radius.
- I fear it will have a negative impact on my house which is grade 2 listed in Gloucester Crescent.

Kind regards,

Simon Robert-Tissot,
