

**Conservation Area Advisory Committee**

Advisory Committee	Belsize
Application ref	2021/5813/P
Address	5 - 7 Adamson Road Belsize Park London NW3 3HX
Planning Officer	Fast Track JL
Comments by	27 Feb 2022
Proposal	Amalgamation of lower ground flats, lower ground rear extensions, first floor rear extensions, fenestration alterations, the installation of balconies/terraces and associated works.
Objection	Yes
Observations	<p>Objection</p> <p>The rear extensions take up an excessive amount of the gardens, their extent is not clear on the floor plans. Their roofs appear to be accessible, in which case there could be problems of overlooking.</p> <p>Some of the flats appear to be too small.</p> <p>The front garden walls should match the original, there is nothing there at the moment.</p> <p>David Thomas for BCAAC</p>
