Dear Council Planning Team,

I write this letter in support of the application put forward by Labtech to redevelop the market and bring new life to the area.

Being a store owner on Camden High Street, I can not think of any reason not to support this scheme. The biggest and most exciting move from this scheme for me is the proposed opening of Dead Dog basin!

I cannot express how massive this will be for not only us and our fellow traders but also Camden Town itself. Opening the basin attracts new guests and offers a new attraction in the area for more regular attendees. All of this means ofcourse - you guessed it, a higher footfall in the market & happy businesses on Camden High Street and in markets.

Please make this happen.

Sincerely

Shash Seem
