2022/5392/P	Ishaan Hemnani	04/05/2023 10:34:48	OBJ	<p>Dear Camden Council,</p> <p>I am writing to express my strong objection to the proposed planning permission for the construction of additional floors on Benjamin and Searle House.</p> <p>Benjamin House and Searle House is currently suffering from overflowing rubbish in the bins outside, broken lifts and malfunctioning air conditioning systems.</p> <p>Additionally, the noise disruption and pollution this will cause to the current residents (especially those on the current top floor, of which there are at least 2 babies and young children under 5) causes a large health hazard.</p> <p>On top of this, the parking is overflowing in the building and on the residents parking of St Edmunds Terrace (which is the only residents parking available within 10 minutes walk of the building).</p> <p>I urge you to reject these proposals or delay their implementation at least until late 2024 until such time that the current issues can be addressed.</p> <p>Many thanks for your kind consideration.</p>
