As a long time resident of Camden and a frequent visitor to Camden Market I am writing to voice my objections to the above mentioned proposal (2022/3853/P).

I have big concerns surrounding 3 major areas

1 - one of the reasons I love living in Camden is the number of conservation areas around here protecting not only our historic buildings but also our skylines. This Ferris Wheel will not only have a harmful impact on 6 nearby listed buildings but also the Camden skyline

2 - Camden is already a tourist destination and often incredibly busy. I worry that this will increase the draw to the point where the strain on our roads, sidewalks and transport hubs will be significant and make it hard to traverse for our day to day activities

3 - We already have a fair amount of issues surrounding crime in the Camden area, these increased crowds will attract further petty criminals

I desperately hope that this planning permission is rejected

Many Thanks
