## Description of Proposed Works

Please describe the proposed works

Urgent need to carry out damp repairs beneath front steps and into property.

The water ingress has caused damage, damp and mould growth within this area of the property and also electrical faults.

The existing stone (which is not original to the property) with all due care and attention will not be able to be removed without damage as they have been bonded to the substrate or looks like some form of tile adhesive/resin.

Residents are very keen to take this opportunity to replace the stone with something in keeping with the original like a York stone.

Has the work already been started without consent?

Details of the pre-application advice received

Dear Neil,

Thank you for the below details. I have relayed these to our conservation officer and, in-line with the advice I provided over our call, would advise you that the works require Listed Building Consent prior to the commencement of the below outlined works. This would be on the basis of the below:

"As the replacement of the front step tiles would technically be a material change it cannot be considered as repairs and maintenance and will also trigger the requirement for LBC. The proposed Yorkstone pavers though would be considered an appropriate materiality and shouldn't raise any major concerns.

The internal damp proofing could potentially fall under maintenance and repairs. But as it could impact historic fabric and the materiality of the new damp proofing should be assessed to make sure it is compatible with the traditional materials, it would be best to also include this aspect of the works in the LBC as well."

Please note, these comments by our conservation officer may differ from the Council's and does not guarantee a scheme employing this informal advice would be supported or approved. You may wish to commission our pre-app service before you apply, as the formal advice issued there will hold weight within a subsequent application.

As my remit falls within enforcement, I would be obliged to inform you that no works should be carried out prior to formal LBC being determined.

We look forward to your forthcoming application.

Kind regards,

Joshua Cheung

## Authority Employee/Member

**With respect to the Authority, is the applicant and/or agent one of the following:**

- (a) a member of staff**
- (b) an elected member**
- (c) related to a member of staff**
- (d) related to an elected member**

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?
