

A tree for 33 Princess Road

The existing Fig tree we ask permission to be removed:

Options for a substitute tree:

The list of trees is provided below. All trees are suitable for a small garden.

Given that we have limited space in which to garden, it becomes important that any trees chosen are right for their surroundings, in terms of proportion as well as for their decorative value.

Malus and Crataegus trees also provide food for birds during winter times.

***Malus × robusta* 'Red Sentinel'**
crab apple (syn. *Malus* 'Red Sentinel')

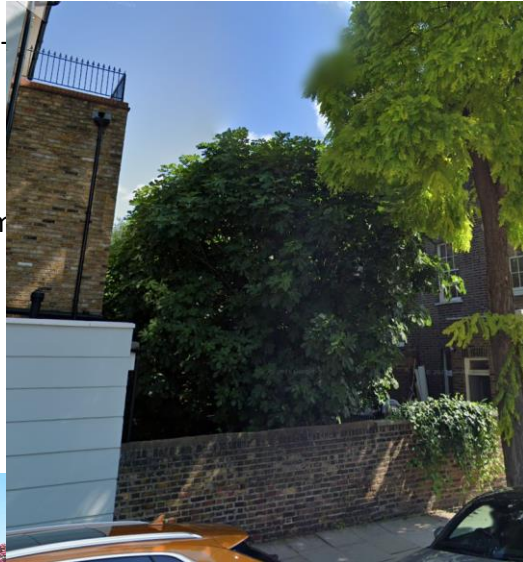

Malus robusta 'Red Sentinel' AGM: large clusters of deep-red fruits last through winter. Height and spread 5m

Options for a substitute tree:
