Dear Sir/Madam

It has come to my attention that there are plans to erect a ferris wheel in camden market. This seems extremely irresponsible as it is already a very densely packed area. I live in Kentish Town and walk past/through the market canal a lot and am often overwhelmed by the amount of people in the area. I think this would be a safety issue for the area as well as increase noise and anti social behaviour.

i hope that camden will refuse permission. This is not an area that needs to attract anymore people and it seems completely illogical to have a ferris wheel in such a compact and congested area.

Regards

Carol Doughty
