Camden Council Planning

I am in favour of the plans to improve the Camden Lock buildings and to attract more visitors to Camden Market. The local schools and community will be able to learn about the history of Camden Town and how it developed from the Canal and old railway goods yard.

I appreciate that there will be free access to some of the heritage exhibition spaces as well as discounted prices for local people who are facing financial problems. Also it is great that there will be many free tickets for children on free school meals in Camden so that as many people as possible can learn about the history of the area.
