2023/1580/P	Claire Wrathall	14/05/2023 16:34:22	SUPPRT	<p>In an era of working from home, these are small houses for growing families, so we wholeheartedly support this application for a mansard roof extension, especially as the revised and thoughtful plans will ensure it is not visible from the street and the design is in keeping with the heritage of this terrace (which in any case is far from historically intact).</p> <p>In light of the pressure on housing in Camden (not least to accommodate refugees living here under Homes for Ukraine and other similar schemes), it is surely incumbent on the council to facilitate the creation of as much accommodation as possible, especially when extra living space can be created as discreetly and cleverly as this.</p> <p>It would also be a huge loss to the local community if this lovely family were compelled to move.</p>
