2023/1345/L	John Carson	17/05/2023 19:51:39	COMMNT	I would like to stress the importance that appropriate insulation and time constraints are made an essential condition to any approval of air conditioning and or heat plant machinery placed both in, and out of property. The area between buildings of great queen street, drury lane and parker street already suffers greatly from excessively noisy units which are often left on out of hours. Hours should be limited to business hours of 8 to 6 Monday to Friday with late starts at weekends, off Sundays and public holidays please.
