Dear sirs,

I would like to object to this “wheel” that is being proposed.

I feel as a resident with young children I would hate for Camden to become even more over crowded with tourists. Which will most likely increase crime and traffic which are already higher than I believe the council would like them to be.

Additionally losing the food markets currently in the space and all the independent business owners that would be an awful thing, it is a much loved lunch spot and definitely wouldn't be in the interests of the community or the council to have a large garish amusement instead of supporting multiple local independent businesses.

Furthermore I believe this wheel would harmfully impact the 6 listed buildings in the regents canal conservation area. Buildings ourselves and our community are supposed to be preserving.

There will also be a loss of privacy to local residents as the wheel will allow people to see inside their homes. We should protect the residents who pay for the council tax and amenities rather than focusing on tourist desires.

Please support your paying residents who call Camden our home in not allowing this eye-sore to be built and ruining an area that has currently been starting to get a great renovation.

Regards
Katie
