Dear Sir,

**GREAT ORMOND STREET CHILDREN'S CANCER CENTRE
PLANNING APPLICATION REF 2022/2255/P
PLANNING CONDITION #23 - BASEMENT ENGINEER**

Planning Condition #23 requires the following:

"The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, check for compliance with the design (as approved by the local planning authority and building control body) and monitor the critical elements of both permanent and temporary basement construction works throughout their duration. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works."

To evidence and discharge Planning Condition #23 for the above development please find attached the following listed documents;

Temporary Works Consultant Appointment for Kingscote Design Limited. The appointment includes;

- TWIC letter;
- Consultant appointment - Short Form IR35 Compliant;
- Curriculum Vitae – SUBMITTED SEPARATELY AND CONFIDENTIALLY; and
- Insurance details.

The Permanent Works appointment is managed by our Sisk UK South Regional Engineer Mr Terence Reginold. We attach;

- Curriculum Vitae and resume of their duties - SUBMITTED SEPARATELY AND CONFIDENTIALLY;
- Samples of Sisk QA procedures; and
- Sisk Q10 / QA basement procedures.

Our appointed designers BDP will carry out recorded site reports throughout the duration of the construction phase and in line with critical work activities. BDP's site visits will support the quality inspection of our construction operations and permanent design. The appointed engineers responsible for monitoring the basement works have the relevant qualifications listed in Camden's Basement CPG (Jan 2021).

We trust that this meets your requirements.

Yours faithfully,

ALLEN WESTGATE
REGIONAL CONSTRUCTION DIRECTOR
