Hello

I would like to register my **objection** to the Ferris Wheel proposal in Camden Lock Ref **2022/3853/P**.

It would be entirely out of place in the location proposed and will have a very negative impact on the Grade II listed buildings in the area.

It will bring more even visitors to Camden. Camden is already under huge pressure due to overcrowding. The local infrastructure cannot cope with the existing visitor numbers. It would be wrong to add to this pressure by building this attraction which will bring in a new and different type of visitor and so further increase the overcrowding in our local area.

Thank you

Sarah
