Dear Sir/Madam

## **DECISION**

Town and Country Planning Act 1990 (as amended)

### **Householder Application Granted**

Address:  
**4 Heath Passage**  
**London**  
**NW3 7HB**

Proposal: Create new front door entrance in the centre of the property. Replace existing door with window to match existing windows. In-fill below new window with brick removed from new opening, thus matching existing brickwork. Remove two door steps protruding into Heath Passage.

Drawing Nos: Existing & proposed elevations 01 01 ; Existing & proposed floor plan 01 02; Location plan ref. TQRQM22364155007270.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans

Existing & proposed elevations 01 01; Existing & proposed floor plan 01 02;  
Location plan ref. TQRQM22364155007270.

Reason: For the avoidance of doubt and in the interest of proper planning.

- 3 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies D1 and D2 of the London Borough of Camden Local Plan 2017.

#### Informative(s):

- 1 Reasons for granting permission.

The proposed window would be built with like for like materials reusing brick removed for the new door entrance. The only design difference is the removal of the two steps protruding into Heath Passage. The change to the new window be barely perceptible from the existing window designs. The window and new door location are acceptable in terms of material, location and design.

The proposal is considered to be sympathetic to and in keeping with the existing appearance of the host property in terms of their design, locations, proportions and materials, and would preserve the character and appearance of the building and Hampstead Conservation Area.

There are no amenity concerns to neighbouring properties given the proposal would not alter the foot print of the building or introduce new outlooks to neighbouring properties.

The site's planning and appeals history has been taken into account when coming to this decision. No objections have been received following statutory consultation.

Special attention has been paid to the desirability of preserving or enhancing the character or appearance of the Hampstead Conservation Area, under s.72 of the Planning (Listed Buildings and Conservation Areas) Act 1990 as amended by the Enterprise and Regulatory Reform Act 2013.

As such, the proposal is in general accordance with policies A1, D1 and D2 of the Camden Local Plan 2017 and policies DH1 and DH2 of the Hampstead Neighbourhood Plan 2018, the London Plan 2021 and the National Planning Policy Framework 2021.
