2023/1671/P	Tatiana Shuttleworth	24/05/2023 16:01:47	OBJ	This proposed construction of a basement extension will affect the foundations of my flat 2 of 30 Willoughby Road. The building has already had extensive underpinning and there is a tree which has large roots running under the outside walls, which has already caused movement and cracking to the building. Any work undertaken near the walls and foundations of 30 Willoughby Road will definitely cause serious problems to the property. To make matters worse one wall of my property is shared with 32 Willoughby road. Therefore this application is completely unacceptable and I reject it.
