Subject: Re:planning application 2023/1172/p. officina00 Whitfield street.

Dear Ms Quigley

As both a central London resident and a regular patron of Officina00 I would like to register my strong support for the above planning application re the use of the external terrace.

In an area well known for its many and diverse restaurants I do not see why this particular proposal would be either out of the ordinary for the area, or would set a new precedent. Indeed many of the restaurants in the area use their outside space which merely adds to the general vibrancy and charm of the area. I do not believe that Officina00 would be any different in this regard.

The restaurant is also both well run and its customers well behaved. This being the case I cannot see how it would cause any additional discomfort to any local residents.

In these difficult economic times I believe we should also do all we can to assist local family run businesses which are, at the end of the day, a key feature of our local communities.

Kind regards

David and Susan Fisher
