a) Total demolition of the listed building  ○ Yes  ⊙ No
b) Demolition of a building within the curtilage of the listed building
c) Demolition of a part of the listed building  ○ Yes  ⊙ No
Please provide a brief description of the building or part of the building you are proposing to demolish
The existing East Road Building is located adjacent to listed terraced properties on Montague Street (Grade II) and is considered listed by virtue of attachment to the Grade II listed No. 8 Montague Street.
Existing East Road Building: A single-storey brick-clad workshop and storage/utility building of utilitarian quality. Ground floor is raised off road level, with external ramps and stairs with associated railings fronting onto the West Road.
Existing Green Huts: Temporary two-storey office and storage accommodation of poor condition and poor architectural quality.
Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?
The existing building is no longer fit for purpose and does not meet critical aspects of the brief required to facilitate the estate-wide sustainable infrastructure transition.
The ground floor of the existing building is raised above the level of the road, meaning no level access is provided. The new infrastructure and workshop accommodation proposed both require level access to the road, which cannot be achieved with the existing building configuration.
The quantum of infrastructure and support accommodation required also demands a larger building than the existing building can provide or practically be retrofitted to deliver within the Site constraints.
The existing buildings make no contribution to the way this part of the Museum is appreciated or their interest. The low architectural quality of the East Road Building and temporary accommodation to its north may be considered as detracting elements in the setting.

d) stripping out of any internal wall, ceiling or floor finishes (e.g. plaster, floorboards)?  ○ Yes  ⊙ No
If the answer to any of these questions is Yes, please provide plans, drawings and photographs sufficient to identify the location, extent and character of the items to be removed. Also include the proposal for their replacement, including any new means of structural support, and state references for the plan(s)/drawing(s).
Please refer to the enclosed Application Drawings.

Does the proposed development require any materials to be used?
Please provide a description of existing and proposed materials and finishes to be used (including type, colour and name for each material) demolition excluded
Type: Other
Other (please specify): East Road Building
Existing materials and finishes:  Existing East Road Building: Yellow London Stock Brick Masonry with black metal external railings above concrete and brick clad access ramps and stairs.
