Subject: Re proposed plan for Camden market

Dear Sirs

Thank you for your email and information therein I strongly object to this planning application. As if we, as residents, do not have enough noise from the market until very late at night anyway. Adding other attractions would simply make it worse for everyone living in the adjacent streets. We would never get any peace at all and surely we are entitled to some as rate and rent payers. Please could you refuse this application and think of all the people in the vicinity who will be very much affected by it.

Thank you
Carole Taylor
