

Dear Camden Planning Department,

We

would like to add the following comment in relation to the new drawing which was recently added to the documents list for these applications.

"Since

the new drawing for this application posted on 15th May 2023 states that details, materials, U values etc remain subject to assessment by and decisions between contractors, structural engineers, Beckmann Architecture, Ogden Pitt and so-on, we have nothing to add to the comments on this application which we made on 24th February 2023, already listed on the "Related Documents" page for this application. The proposed detailing, materials and so-on should be closely monitored by the case officer and conservation officer."

Yours

sincerely,

Therese

Gray
