

objection to 2023/1864/P

2023/1864/P

Dear Sir

We live adjacent to the land used in this application.

We object as follows

1. The land enclosure was not included in the initial planning permission.
2. The 22 residents of Middlefield have the right to access the land enclosed and therefore the structure is illegal and the planning authority should investigate the position rather than ratifying the illegality.
3. The wooden fencing structure is out of keeping with the local environment.
4. By enclosing land, the access to the garages and properties at the back of Middlefield becomes constricting and endangers emergency vehicle access
5. We would appreciate an acknowledgement if possible.

Niall and Fiona shiner
