

**Subject:** Camden Market Application- 2022/3853/P

Dear Mr Kresovic,

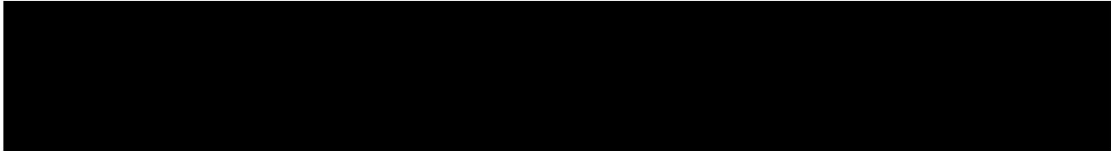

I wish to express my interest in the Camden Lock Market redevelopment scheme as I have been a resident of Camden for many years now. There are obvious benefits from this scheme, the facelift of the west yard and the market in general is something that has been needed for years.

I also think the opening of the dead dog basin is very significant – this has never really been accessible for visitors and as a Camden resident, by bringing this in it brings a new interest into the area. I also think the planned use of the basin is really exciting and I'm sure creatives in the area will welcome this.

Subject: Camden Market Improvement Development - 2022/3853/P

I am a local resident of Camden Town and I am in support of this proposed project in Camden Market. Being the resident in this area, I am particularly interested in the proposed plans to redevelop the market hall and West which was awaited.

With these changes I have no doubt in my mind that the footfall will increase whilst allowing market goers to move around more freely and have more access to shops that in previous years they may have walked past due to the congestion and lack of patience to explore the market properly.

Alongside the points I noted above, I also think that this development will encourage new businesses to come to the area which in turn will create new job opportunities for the local residents.

Camden Market Improvement Development - 2022/3853/P

Dear Council Planning Team, I write this letter in support of the application put forward by Labtech to redevelop the market and bring new life to the area and being a local resident I cannot think of any reason not to support this scheme.

The biggest and most exciting move from this scheme for me is the proposed opening of Dead Dog basin! I cannot express how massive this will be for not only myself and my fellow neighbours but also Camden itself.

Yours Sincerely  
Rachel Howlett
